

Part Two – Decision Summary for publication

Haslemere Police Station Sale

Following a comprehensive marketing exercise final bids have been received for the former police station and the adjacent former police house in Haslemere.

Bids made subject to satisfactory planning consent were reviewed in light of advice provided by the local planning authority.

The Police and Crime Commissioner has approved a recommendation to accept an offer for the station and the house. The offer is conditional on planning permission being granted for the proposed development scheme. Solicitors will now be instructed to draw up the sale contract.
