

## Police and Crime Commissioner for Surrey – Decision Making Record

**Report Title:** Section 22a Collaboration Agreement for the ACRO Criminal Records Office  
**Decision number:** 151/2016  
**Author and Job Role:** Alison Bolton, Chief Executive  
**Protective Marking:** OFFICIAL

### Executive Summary:

The PCC is asked to enter into a collaboration agreement under Section 22A of the Police Act 1996 which relates to the ACRO Criminal Records Office (ACRO). ACRO is a national unit which organises the management of criminal record information and improves links between criminal records and biometric information. It works with police forces and other law enforcement agencies throughout the UK.

In 2013, a review examined the role of the Association of Chief Police Officers (ACPO) and a number of national units that sat under its remit. The future of ACRO was considered as part of this wider review. The review concluded that the unit continued to offer value for money and that it should continue to be hosted by Hampshire Constabulary who have responsibility for its 'direction and control'.

It is now necessary to provide a vehicle for ACRO's collaborative and co-ordinated policing activity to take place. It is therefore proposed that an Agreement be made pursuant to Section 22A of the Police Act 1996 (as amended) which sets out how ACRO will operate and amongst other matters describe how the funding arrangements and governance are to be put in place. Along with other PCCs and Chief Constables, Surrey's PCC is asked to sign this Agreement.
