2019/28	<p>1) Please, can you provide a list of all employee roles who are employed by your authority and are subject to the provisions as set out in the Official Secrets Acts 1911-1989?</p> <p>This can be provided in any format, however, a spreadsheet detailing each role and a mark as to whether the role requires the role holder to sign a declaration as to their recognition of being bound thus required to comply with the Act(s).</p> <p>2) Please provide a disclosure of the format used by your authority which requires the signature of any role holder who is subject to provisions as set out in the Official Secrets Acts 1911-1989 such as an "Official Secrets Acts & Confidentiality Declaration"</p>	<p>The Official Secrets Act applies to everyone in the UK, members of the public and police workers included. There is a difference however, in defining whether an offence has been committed by a police worker which does put them in a different category. That said there is nothing that I can see that imposes an obligation on the police to "sign" anything. The Law is there and must be adhered to. However, the material I have reviewed repeatedly refers to the law being stricter for those in security/intelligence services, which of course makes sense and therefore it is more likely their contract will mention that they are bound by it. This is deemed notification of the same.</p> <p>Police staff but not officers are referred to the Act within their contracts of employment.</p>

Is the current PCC, or have they ever been, a member of or in any way connected with any fox hunt?</p> <p>4. Is the current PCC, or have they ever been, a member of or in any way connected with any form of bloodsports?</p>	<p>I have spoken to the Commissioner who has confirmed that he has no associations with any of the organisations you mention, and never has.</p>
