2021/10	<p>As a resident of Dorking for over 30 years, I would like to know what your plans are to re introduce Policing to our streets if Dorking ? You are aware that we have no police station here, sold off for housing. Replaced with a yellow phone at the council office, and some time a police presence. What we need is a police presence back on our streets, we have had two break ins in this road in the last six months, unprecedented. We have seen an increase in our council taxes, yet no increase in policing in Dorking. Also I note with our council tax came a note from you that you have increase I think by 300 Staffing. Under freedom of information Act. can you give me a break down on numbers what are front line staff and admin? and the cost? I don't want to know operational, where are these people? and cost? and when will be get police back on the streets of Dorking. The personal touch counts.</p>	<p>Information not held by OPCC. 2021/12	<p>I have just received the Policing Surrey 2021/2022 leaflet and had a quick look at your expenses claim. I notice you have been reimbursed £704-odd for the alarm at your home.</p> <p>Please can you explain to me how this is a legitimate claim? Is it not a personal responsibility?</p>	<p>David Munro took up the position of Police and Crime Commissioner (PCC) in May 2016. Following the start of his term a security assessment was carried out at his home address - something that is recommended by the Police's Counter Terrorism Unit for all Police and Crime Commissioners. The outcome of the assessment was that Mr Munro, in his position as Police and Crime Commissioner, should have a security alarm fitted at his property. It was agreed by the Chief Executive & Monitoring Officer of the Office of the Police and Crime Commissioner that this could be classed as an 'exceptional' expense claim. The reason behind this was that if Mr Munro wasn't in the position of Police and Crime Commissioner it wouldn't be a change that he would have made to his property. This payment will of course cease when Mr Munro's position as Police and Crime Commissioner comes to an end.</p>

2021/16	<p>Please could I request under the Freedom of Information Act a summary of the qualitative and quantitative research you have undertaken (surveys, focus groups, depth interviews) that have focused on public or victim perceptions of policing generally or your force specifically, covering 2019 and 2020 calendar years. Ideally, I would like to see the outputs of the research, but if that is not possible then a simple summary of what research has been undertaken would suffice.</p>	<p>The PCC engages with the community in a number of ways. For instance, the PCC holds numerous public engagement events in every district and borough across the county annually, as well as consulting on matters such as the council tax precept, both via online surveys and at numerous stakeholder meetings (such as parish council meetings). The Commissioner also receives a large amount of correspondence - over a thousand emails, letters and calls this year alone - all of which helps shape the direction of the Force. Additionally, last year ESDAS (East Surrey Domestic Abuse Services) put out a call vial social media for those affected by domestic abuse to share their experiences and thoughts on services generally, including policing. However, on reflection I think that Surrey Police would be able to provide you with a more detailed answer. For instance, it carries out victim satisfaction surveys and also specific domestic abuse surveys.</p> <p>I'm sorry that I haven't been able to give you a more detailed response, I'd be very happy to discuss your question/my response in more detail, or help you contact Surrey Police.</p>

2021/22	1. What would be the cost of to the Surrey Police of 1% point increase in Employers' National Insurance for a 12 month period as at current payroll cost levels? 2. How would the Surrey Police fund this not insignificant increase in employment costs?	<p>In answer to your specific questions.</p> <p>1)A 1% increase in employers national insurance would add approximately £1.6m to annual costs assuming that the NI bands remained the same;</p> <p>2)On the assumption that the Government does not provide additional funding to cover this then the cost would need to be met through further efficiencies and savings. This would be in addition to the savings the Force already anticipates it will have to make due to rising costs and restricted funding.</p> <p>If the 1% increase were to be placed on employees then this would not impact the Police budget directly. However as you point out a 1% increase in NI coupled with a 0% pay increase would actually mean a cash reduction in pay for officers and staff on top of the real terms reduction they are already suffering. This will surely only increase demands for a bigger pay rise next year and hence increase pressure on Forces finances</p> <p>That said when making the announcement of the 3% increase for the NHS the Government said that the NHS had to "find" the money itself to pay for it rather increasing national insurance as had been trailed before the announcement. Whether national insurance is actually increased for NHS pay or social care we will have to wait and see. I find it difficult to understand why an increase in National Insurance is being considered anyway since it only falls on employees and employers. If, for example, you earn your income through investments or property you will pay no extra at all – but no doubt the Government has taken account of that</p>

2021/25	<p>PCC Lisa Townsend is quoted in the Mail on Sunday regarding her views on gender self-identification:</p> <p>Lisa Townsend, the newly elected Conservative commissioner for Surrey, says she's been inundated with emails and messages from women frightened that female-only spaces, including women's refuges and toilets, are being opened up to people who 'identify' as women even if they have male genitalia.</p> <p>The single biggest issue that filled-up my inbox when I first announced I was standing as police and crime commissioner were concerns about gender self-identification,' she said.</p> <p>As an FOI request, please provide me with the me following information:</p> <ol style="list-style-type: none"> 1) How many emails did the PCC receive regarding gender self-identification when she announced she was standing for the Police and Crime Commissioner? 2) Over what date period were these received? 3) How many of these emails were written by people who identified themselves as Surrey residents (i.e. provided a Surrey postal address within the email)? 4) How many other emails (i.e. not regarding gender self-identification) did the Surrey PCC receive during the same time period? 5) How many emails has the PCC received regarding gender self-identification from the date of her election up until the 21st August 2021? 6) How many of these emails were written by people who identified themselves as Surrey residents (i.e. provided a Surrey postal address within the email)? 7) How many other emails (i.e. not regarding gender self-identification) did the Surrey PCC receive during the same time period? 	<p>Unfortunately, this information is not held by this Office. 2021/30	<p>1. Is Lisa Townsend being paid to speak at the LGB Alliance Conference? If so, how much? Is this being paid directly to Lisa as a personal fee or to the Surrey OPCC?</p> <p>2. Was the decision for Lisa to speak at the conference subject to an Equality Impact Assessment or any form of Impact Assessment? If so, please could you send me a copy of any Assessments. If it was not subject to an Impact Assessment, why was it not? Your website states "Like all public sector bodies, the Office of the Police and Crime Commissioner for Surrey is obliged to make sure our decisions and activities do not disproportionately disadvantage anyone. We must also identify where we might better promote equality of opportunity. We will make impact assessments of key decisions to ensure that they do not adversely impact the community and publish them here".</p> <p>3. How many Transgender people has Lisa spoken to, met with or engaged with since being appointed?</p> <p>4. The LGB Alliance quote Lisa as saying public consent in policing "is being undermined by the promotion of extreme LGBT positions". Please could you explain what Lisa means or how she defines "extreme LGBT positions"? Please clarify whether this could be seen as being harmful and hurtful to LGB and LGBT+ people?</p> <p>5. In the tweet announcing Lisa's speaking role, the LGB Alliance asked in their tweet -"should the police spend more time solving crime instead of rainbow virtue-signalling"? What is Lisa's view on this and in particular does Lisa consider "rainbow virtue-signalling" an appropriate term or would she accept that this is seen as offensive to LGB and LGBT people? A LGB Conference for example could fit under the banner of "rainbow virtue signalling".</p> <p>6. The LGB Alliance recently had a tweet removed from Twitter for hateful conduct for stating that "adding the + to LGB gives the green light to paraphilias like bestiality - & more - to all be part of one big happy 'rainbow family'". Does Lisa agree with this statement? Does she think it is appropriate to support an organisation that makes such assertions?</p> <p>7. Has Lisa undertaken any forms of diversity training in her role as PCC or in her prior career within the last 5 years.</p> <p>8. What services in Surrey would Lisa recommend a trans woman who has been a victim of domestic violence use? What services in Surrey would Lisa recommend a trans man who has been a victim of domestic violence use?</p>	<p>Thank you for contacting the Police and Crime Commissioner for Surrey with your Freedom of Information request. It has been received and recorded by this Office reference 2021-31. I have spoken to the Commissioner regarding your questions, although I should make you aware that elected representatives are not public authorities, and as such are not required to respond to requests made under FOIA. However, the Commissioner was happy to provide you with a response, which I hope you will find informative.</p> <p>The Commissioner is not being paid for her contribution at the LGB Alliance Conference and this Office has not been involved in the Commissioner's decision to accept its invitation. When attending an event, whether from a charity, such as the LGB Alliance, or any other group, she is not required to carry out an Equality Impact Assessment. When at an event, the Commissioner's focus will be on whether she can learn something of relevance to her constituents and / or offer a perspective from her constituents, which she believes is the case here. Although the Commissioner is not a member of or affiliated to the LGB Alliance, she is broadly supportive of their aims to give a voice to members of LGB community, and their right to meet and discuss these difficult issues. It is the Commissioner's belief that progress can only be made by asking challenging questions and having difficult conversations. For instance, she has also met in person with Surrey Pride, and engaged with several members of the trans community on-line, and will continue to meet with as many groups as possible to discuss and debate their views.</p> <p>With regard to your question about trans people and refuges, the Commissioner feels that where we can and where the demand is there, we should be working to provide specialist services. However, she would refer to specialists such as Women's Aid, Your Sanctuary and ESDAS who are in a position to advise.</p>

Therefore it is not specifically drawn out in the Police and Crime Plan. However, one of the priorities in the new Police and Crime Plan is "Working with Surrey Communities so that they feel safe". Under this priority there are actions to deal with anti-social behaviour and theft. Were there to be heritage crime committed in Surrey the PCC would expect that Surrey Police works with the heritage owners and communities to put in plans to address the issue. If you would like to address your other questions to Surrey Police then you can submit a request at the following link: Request information about the police Surrey Police</p>

2021/40	<p>Not sure if you are the right person to make this request, but could tell me how many cyclist have been prosecuted for highway offences in Surrey in the last twelve months. My reason for this question is that I observed in the last two weeks the fact that a number of cyclist seem complete to ignore traffic lights and no right turns. On at least one occasion in view of a police vehicle. I would add to that quite a lot of cyclist do not have lights or that they have such bright lights that in certain conditions have completely blinded me for a few seconds of the road ahead.</p>	<p>Information not held by OPCC. 2021/41	<p>Freedom of Information Request to Surrey Police Force In the light of two serious collisions between cyclist and pedestrian in Norbury Park earlier this year (that of February 27th resulting in the death of the walker) please could you supply the following information: 1. 2021/43	<p>I'm writing to you to make a request under the freedom of information act relating to incidents reported in your region where cyclists have been close passed by a motor vehicle such as those made as part of Operation Snap or similar.</p> <p>Please could I receive the information broken down by calendar year from 2016 onwards in order to establish trends?</p> <p>I'd like to know how many close passes involving cyclists have been reported and how many of them were accompanied by supporting video evidence.</p> <p>I'm also interested in the outcomes of the reports. What are the outcomes and what is their split amongst the reports? E.g., how many reports result in no further action being taken, how many resulted in the driver being written to, how many resulted in the drivers being asked to attend an awareness course, and in how many instances were drivers prosecuted etc.?</p> <p>Also, in how many of the reports did the cyclist receive a warning or prosecution relating to their part in the incident?</p> <p>Having submitted many videos to different regions, highlighting what I believed to be obviously dangerous close passes that have resulted in different outcomes, I'd also like to understand how the level of outcome is arrived at and how the consistency of the evidence review is ensured? For example:</p> <ul style="list-style-type: none"> •Is there a minimum level of training required for each person reviewing evidence? •Is it ever acceptable for a vehicle to pass close within 1.5m of a cyclist? If not, how is the proximity assessed from video evidence? If so, how is the speed of pass or risk presented assessed from video evidence? •What are the documented guidelines/standards that those reviewing the video evidence follow? <p>Finally, with respect to the changes in the Highway Code concerning a hierarchy of vulnerable road users, will this be acknowledged in your regions budget spend and what will I notice as a cyclist?</p>	<p>Information not held by OPCC.
